Module 3	Tuesday, October 28	12:00pm - 4:00pm	4.0	
Module 3	Tuesday, November 4	12:00pm - 4:00pm	N/A	

* Get your state OCILB license hours and obtain your OSHA 10-Hour Card at the same time!

This class will cover the basics of safety and health in the workplace, is becoming more and more of a requirement of general contractors, construction managers, and large facility owners, and is **currently required for all workers on state school projects**. Topics include:

Intro to OSHA/Regulations	General Safety and Health Provisions	Confined Space Entry	Occupational Health and Environmental Controls	Toxic and Hazardous Substances
Fire Protection and Prevention	Rigging and Material Handling	Welding and Cutting	Electrical Safety	Scaffolding and Lifts
Fall Protection	Cranes, Derricks, and Hoists	Excavations and Trenches	Stairways and Ladders	Personal Protective Equipment

The participants must attend each module once within a 6-month period to receive their 10-Hour card. There is no fee for this course. **Allow time to eat lunch before arriving**; beverages will be provided. **Note:** If you are sending union members, please make sure they know **the class is at OUR OFFICE, not the union hall**; directions to our office are attached.

Sincerely,

Daniel G. Fousek, CSP, CHST

Please fax back this form to Dan Fousek at 216.459.1342. We will call to confirm the reservations. Just give company phone number if a company manager is submitting this form.
